

List of Background Concepts

Binary Search	<i>page</i> 15
Summing the m First Integers	19
Asymptotic Notation	20
Mergesort	26
Number of Binary Trees	53
Depth of a Tree	65
Proving Properties of Trees	67
Fibonacci Sequence	70
Swapping Two Elements	108
Prime Numbers	131
Modular Arithmetic	133
Birthday Paradox	135
Infinite and Finite Summations	142
Approximating a Sum by an Integral	144
Average Complexity of an Algorithm	161
Recurrence Relations	175
